DETAILED ACTION

Allowable Subject Matter

1. Claims 17-23 and 25-27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

After further consideration given during an Appeal Brief conference, the previous 35 USC 103 rejections are withdrawn. It is agreed that there lacks any motivation to modify Jelinek with Cartwright since the Cartwright reference is considered a non-analogous art. Furthermore, it is agreed that no motivation can be found in neither Nilsson nor Masutani et al. nor Sugihara et al nor Jelinek to modify Nilsson where it fails to show a retaining ring, The teaching of the retaining ring of Jelinek would not supplement the deficiency in the nut device as shown in Nilsson. Therefore, neither prior art of record nor references teach the feed screw device as recited in independent claim 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
